

A COMFORTABLE LIFESTYLE AND PEACEFUL LIVING AT THE HEART OF MATHARPACADY!

Sumer group was established with a vision to build landmarks where people can build the milestones of their lives. It is a vision that has seen us become one of the leading real estate developers based out of Mumbai.

Sumer group has been at the forefront of Mumbai's luxury real estate market since 53 years, and involved in significant landmark projects across Mumbai, Alibaug, Pavana, Goa, and Indore. With 30 million square feet of development under their belt, and a further 5 million square feet soon to be developed.

ARMONIA

At the break of dawn, as wooden fishing ships reach ashore after spending a month at a rough sea and empty their catch; captains gather together at a local bar to share their adventures at sea. One of the captains speaks of a mysterious looking ship; like the one, he has never seen before appearing from now here on a stormy night and before he could finish other captains cut him off by saying they've also seen that ship; the ship called 'Armonia'.

Harmony

Armonia means harmony in Spanish, meaning - the 'calmness in the environment and a tranquility stirring spirituality of people living together'. A home in Armonia means a serene home with a composed living - creating a right balance which leads to a harmonious milieu for all the Mazgaonkars.

Peace

Where the harmony balances body, mind and soul - the 'peace' is unveiled. The joyful living comes with Armonia, where you love being home and spend pleasant moments with your family - giving you a feel of completeness, eliminating the pressures of the outer world.

Comfort

Armonia means harmony in Spanish, meaning - the 'calmness in the environment and a tranquility stirring spirituality of people living together'. A home in Armonia means a serene home with a composed living - creating a right balance which leads to a harmonious milieu for all the Mazgaonkars.
